Important Letter.

Messrs. Downs & Baker:—

Dear Sirs,—I herewith enclose you a few lines relative to your "Down's Elixir," which, for the benefit of the suffering, if you think worthy you are at liberty to make public. About a year and a half ago my mother became sick, so that in a short time we began to despair of her life. Her symptoms were, bad cough, pain in the side and stomach, night sweats, and other premonitory signs of pulmonary consumption. We consulted our best physicians, who gave her little or no relief, and finally pronounced her case incurable consumption. She continued to decline, and the symptoms increasing. About this time, at the suggestion of a friend, we concluded to try "Downs' Elixir." Having procured a bottle from your agent (S. A. Byram, of Eastport) she commenced taking it. At first it seemed only to mitigate the symptoms, but in a short time she began evidently to improve. It cured her cough, relieved her night sweats, and gradually improved the tone of the whole system.—After having continued its use most of the time for nearly a year, she is able to go about the house, and superintend affairs as usual. Under God we believe that to Downs' Elixir, alone, she owes the preservation of her life and the restoration of former strength and energy. We have also used it in our family in other cases for which it is recommended in its pamphlets, with universal success. Yours &c.

(Signed) SWAIN P. NORDSTROM.

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country, almost daily.

DOWNS' ELIXIR is unquestionably the best article known for the cure of COUGHS, COLDS and CONSUMPTION. It is more certain to give relief in all cases of ASTHMA—often superior here—than any thing hitherto offered to the public.

In cases of WHOOPING COUGH it needs only to be tried to give it preference over all other remedies. It immediately breaks up the cough, and renders a mere plaything, what is otherwise a scourge and terror. For the CROUP it is a positive cure. We speak with confidence, for it has never failed, and we believe never will, when used according to directions.

Pamphlets, giving a full description, to be had of agents in almost every town and village in the country, and of the following, who are prepared to sell wholesale or retail.

DR. CUMMINGS'S

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these, others of vegetable origin are combined, designed to render them more active, and consequently more immediate in effect.

The Dock, or rather a species of it, now ranks as a medicine, plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than is generally been supposed. The extract must to be relied on, and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, but has not been obtained by this process, and that has been less than a year in preparation.

The Compound is recommended for Scrofula Erysipelas, Ulcerous affections, Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposure to extremes of heat and cold, over-taxing the physical powers, and other abuses of the constitution: among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints, and Dyspepsia or Indigestion.

In diseases of warm climates, with which the proprietor became familiar in his practice in Havana some years since, the compound will prove particularly efficacious, both as a remedy and a preventative.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom it is known.

Prepared only by Dr. Stephen Cummings, and sold at wholesale and retail by Joshua Burgin & Co. No. 145 Middle street and Edward Mason, No. 153 Middle street—only agents for Portland.

Sold in Bangor by G. W. LADD and JOSEPH INGRAHAM.

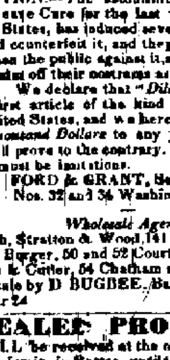
M'Alister's ALL-HEALING Ointment,



FOR THE CURE OF Colds, coughs, consumption, for scrofula, scurvy, and all cutaneous eruptions; for bruises, burns, ulcers, sores of all kinds, and general or local debility.

This celebrated Ointment has a most striking effect upon the blood, in cleansing it from all impurities upon the sinovial fluid, which lubricates the joints and thus removes stiffness, soreness and pain upon the lymphatic ganglia or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removing swelling of the glands about the neck, the groins, the axilla or under the arm about the ear, and all other parts of the body.

This All Healing Ointment is equally efficacious in promoting the secretions of the kidneys, relieving from retention of urine, and by restoring the tone and function of the urinary organs, thus preventing incontinence of urine. It is equally efficacious in acting upon a nervous system by curing neuralgia, St. Vitus's dance, palsy, paralysis, numbness or want of feeling or power of motion from one local or general affection of the nervous tissue. It acts with great power on all the fluids and solids of the body, and attacks disease in whatever part located, whether on the surface or internal organs.

We speak the things which we know of the astounding efficacy of this truly celebrated, invaluable and worthily named "ALL-HEALING OINTMENT." The innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured, and the more than ten thousand hearts which have been comforted and cheered by its salubrious influence, testifying to the truth of all, and more than all, herein declared.

Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr. Ralph:

DEAR SIR—I have, myself, almost no opinion of your inestimable Pills. I have used them say six years, as occasion dictates; and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach. From habitual costiveness, and the voiding of nauseous and slimy stools, I am completely relieved. The multifarious symptoms of Dyspepsia, with which I was once too well acquainted, have so entirely passed away, that I hardly know what they were. Any use you can make of this, or a more full development of my case, is at your service.

Except in an obstetric case 'your book' family Physician and Pills have been the only physician in my house for six years.

There are many of my friends around, and more and more, who call for your Pills as a family medicine, and for chronic cases. Yours truly,

Horatio Waldo

Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington, and delay there, as well as all personal trouble in obtaining their patents. The experience of fifteen year's practice—an extensive collection of rare works, documents, decisions, &c. on mechanical subjects and the Patent Laws—and patents of different countries, collected at much expense during the long time this office has been established, and to which daily additions are being made, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents which in other respects might be difficult of attainment.

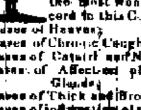
Important to Owners of Horses! Dillow's Celebrated HEAVE CURE.



Which has been used with such astonishing effect in France and England for the last twenty years it now and has been for the last two years pronounced the most wonderful cures ever on record in this Country. More than

2000 cases of Heaves;
2500 cases of Chronic Coughs and Colds;
1000 cases of Catarrh and Nasal Gleet,
1500 cases of Affection of Bronchial Tubes and Glands;
500 cases of Thick and Broken Wind; and
900 cases of Inflammation of the lungs,

Have been cured by this extraordinary remedy since its introduction in the United States. The following is one of the hundreds of certificates in our possession, proving its Universal efficacy.

New-Scotland, Albany Co., N. Y., February 17th, 1848.

Messrs. Ford & Grant: Gentlemen—I herewith transmit to you, my certificate, for the benefit of those who may have horses similarly afflicted.

I, hereby certify, that one of my best horses in the winter of 1846–7, became afflicted with the heaves in the most aggravated form—which I allowed to run between three and four months, without doing anything for him. Having heard of the unparalleled popularity of "Dillow's Heave Cure." I purchased three packages of it, gave it to him, and it entirely removed the disease. From that time to the present he has been in perfectly sound condition.

JAMES M. WILLIAMS.

UNIVERSAL CONDITION MEDICINE."

Read the testimony of an eminent Boston Farrier.

Boston, January 9th 1848.

Messrs. Ford & Grant: Gentlemen—At the request of your Agents here, I send you my opinion of your celebrated Dillow's Heave Cure. As an Universal Condition Medicine, as well as a sure cure for the Heaves, and all diseases arising from an affection of the respiratory organs, parotid and submaxillary glands in the lungs; and also from its general and alterative properties, I recommend it to be the best medicine extant, for cases of Farcy, Surfeit, Chest-Founder, Dropsy in the Skin and Chest, Fever, Pleurisy, Jaundice, Hide Bound, Inflammation of the Kidneys and Mange. I consider it to be a vegetable compound which operates on the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse-owning public to the fact that nine-tenths of the above Diseases are contracted through neglect during the Moult or Season, or time of changing the hair, which takes place at the most inclement seasons of the whole year; at which time, if the horse is exposed and neglected, the pores of the skin close up and the circulation of the fluids cease. If left in that condition, disease in some form, must ensue. It is at this time that I consider your Invaluable Powder indispensable, as it operates upon the pores and Fluids of the Skin, and causes the old hair to fall off in due time, makes way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farrier, No. 16 Ash street.

CAUTION.—The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they are yet going so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that "Dillow's Heave Cure" is the first article of the kind ever introduced in the United States, and we hereby offer the same One Thousand Dollars to any person, or persons who will prove to the contrary. Consequently, all others must be imitations.

DR. UPHAM'S

Vegetable Internal Remedy FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidney and Bladder, Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY,

invented by Dr. A. Upham, a distinguished Physician of New York, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark this: it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external; and probably the only thing that will. There is no mistake about it. It is a positive cure—speedy and permanent. It is also a convenient medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses, at $1—cheap dose. It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger.—All external applications are in the highest degree disagreeable, inconvenient and offensive; and from the very nature of the disease, temporary in their effects. This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a tendency to impurity of blood; more particularly in Inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the Best Medicine ever discovered.

IMPURITIES OF THE BLOOD.

For all impurities of the Blood, arising from the imprudent use of Mercury, or otherwise; or all diseases of the Skin and Scrofulous Affections, in all cases where the blood is pure fully and the mind to the end, producing dizziness and distress, DR. UPHAM'S ELECTUARY is entirely unrivaled.

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the stomach, bowels and spine, weakness of the back, flow of blood to the head, &c.— The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it not only removes the Piles and all the diseases, WITHOUT PAIN or IRRITATION; but with pleasure in easy time, a safe delivery, and a sound constitution for the offspring.

CURE FOR LIFE GUARANTEED.

The Electuary contains NO MINERAL Medicine; no Aloes, Colocynth, Gamboge, or other powerful and irritating purgatives. No fear of taking cold while under its influence, no change in diet necessary. If taken according to the directions, A CURE FOR LIFE IS GUARANTEED.

Pamphlets, giving valuable information respecting this Medicine, may be had of Agents, gratis.

R. F. BRADLEE, 130 Washington st., Boston, General Agent for the New England States.

GREAT SUCCESS OF UPHAM'S

PILE ELECTUARY.

Portland, Me., March 14, 1847.

Dr. Upham—My dear Sir,—cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary. I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced almost to a skeleton, with loss of appetite, and general derangement of the digestive organs. My system so became affected, and in fact I was a misery to myself. I was obliged to give up my business. I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford, spent much money—but under nothing to permanent benefit. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, and I persevered, and purchased a second, and I am happy, when I got half through, I found myself getting well quite fast, and now I am a well man. Words fail, language cannot express my heart-felt thanks that I am once more restored to health, and now in a condition to support my large family, dependent on me.

You can use this letter in your book, as you please.

Yours respectfully, SAMUEL CHANDLER.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analogous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr. D most solemnly affirms, that during his practice of forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians for months and even years, but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it should be given the purchaser on returning the empty cover.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No. 85 Union street, Boston, at $5 per box, where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

TUESDAY, MAY 23, 1848.

☞ This, some of the farmers say will be a great potato year. One reason given for this is that in order to raise good potatoes it is necessary the ground should freeze during the winter. This it has not done for several winters until the last. Those who think it will be a good season for potatoes believe that the freezing of the ground pulverizes it and prepares it for raising healthy potatoes. We hope they are right.

The Boston Mail in speaking of the crops in Massachusetts which he says are promising, particularly grass and rain, thus discourses on the subject of potatoes.

"Seed potatoes are a dollar and a quarter a bushel, and as it takes eight or ten bushels to seed an acre, well, we apprehend the quantity of land devoted to this vegetable will be smaller than usual. Nevertheless, we cannot afford to lose this excellent article of food. A dinner without potatoes is a Dutchman without his pipe. It is the play of Hamlet with the part of Hamlet omitted. At a dollar a bushel, one half the crop may be lost, and still the farmer gets good returns. Many have planted their potatoes early the present season, under the belief that they will be more likely to escape the 'cholera,' and so far as our experience goes this is the most effectual remedy. We hope our farmers will not yet despair of restoring the potato crop to what it was in its palmy days. The fact that the quality of those which escaped the rot last season was most excellent, is a strong inducement to persevere.

A Hint to the Clergy.

The Missionary reports recently published show an activity and zeal in the cause of foreign missions that must be gratifying in the extreme to all the friends of the *Heathen*. This reminds me to put the question direct to the Clergy generally, and in this city in particular,—both Orthodox and Liberals—How many of your well fed and well clad forms have darkened the doors of our county jails and houses of correction for the last five years? Don't all speak at once, gentlemen! Are there none of the inmates of our prisons that require or deserve the sympathy of the christian teacher?—If not then continue to labor for those on the opposite side of the globe, who will undoubtedly be rejoiced to learn the fact that the spiritual welfare of every individual in this happy land is looked after by the eminently pious and faithful ministers of the gospel who send and carry the word of life to their far distant shores.

Abstract of the Land Agent's Report.

Of the lands he sold by this state in severally there have been thirty-two thousand eight hundred and twenty acres, for the sum of thirteen thousand six hundred and thirty nine dollars forty-four cents.

There have also been sold four thousand nine hundred and fifty acres, which had reverted to the state, for the non-performance of the conditions of previous sales, for the sum of two thousand eight hundred seventy-seven dollars ninety cents.

The quantity of land owned by this state in common with Massachusetts, which has been sold is one hundred thirty-five thousand six hundred and ninety four acres, the purchase money for the same amounting to one hundred fifty thousand three hundred twenty-two dollars and eighty-two cents, one half of which sum viz: seventy-five thousand one hundred and sixty one dollars and forty-one cents is receivable by Maine.

In obedience to the resolve in favor of the trustees of Thomaston Academy, I have conveyed to them the west half of township west from the east line of the State satisfactory evidence having been adduced of their compliance with the conditions upon which the grant was made.

The amount paid by this department into the state treasury during the past year is one hundred fifteen thousand one hundred seventy-one dollars and sixty-seven cents, which has been received upon notes, stumpage bonds, and from the sales of lands. The past year has been peculiarly prosperous for the lumbering in common with other business interests, and in consequence the receipts of this office have been larger than anticipated at its commencement.

The following townships of undivided lands have been surveyed, viz townships numbered nine, ten, eleven, twelve and thirteen, in the eleventh, twelfth and thirteenth ranges west from the east line of the state. The timber upon territory equal to about five townships of this survey may, by means of the improvements of the Lake Heron Dam Company, be brought down the Penobscot waters, although a part of the above townships are located upon the Aroostook river, one of the large tributaries of the St John; this circumstance is regarded as giving large additional value to this portion of the survey over those townships the timber upon which must find its way to market down the rivers St John.

Mr. Jacob W Stinchfield was employed to explore the above townships, at the same time for the purpose of estimating the timber thereon, and making examinations necessary to fix the value of the same. This duty he has thoroughly performed upon all excepting townships number thirteen, in the eleventh, twelfth and thirteenth ranges, which he had not time to examine, and by his report there is upon the twelve townships explored, ninety-one millions eight hundred thousand feet board measure of pine timber, suitable for board logs, nearly one-half of which, it is believed, may be floated down the Penobscot.

Township letter E, in the first range of townships west from the east line of the state, has also been lotted for sale and settlement.

The land agent of Massachusetts and the undersigned, contemplate making further surveys the ensuing season, in that portion of the public domain lying between the west line of the seventh range, and the line of the eleventh range, constituting an area of about twenty-five townships. Preparations will be made to start surveying parties as early in the spring as the business can be commenced with advantage.

The legislature at its last session, authorized the land agent of the state to expend upon the Fish River Road, three thousand dollars, provided Massachusetts should expend a like amount for the same purpose.

The agents of Massachusetts, with an equal liberality, commencing in the property of the expenditure we have applied to that object nearly the amount allowed.

Mr Nat Lord Baker was appointed to superintend the outlay upon the road beyond township number eleven in the sixth range. Under his supervision the road from that township to Portage Lake has been completed, with the exception of about one mile through cultivated land. Beyond the Portage lake he was directed to expend as much as should be unexpectedly necessary to render the last passable, the amount being unavoidably left to his discretion.

In addition to the foregoing, the land agents of the two states, under an arrangement with the Fish. Eel, have caused a bridge to be erected across the Aroostook river, on the line of the Fish River Road, in township number eleven range five, and an alteration to be made in the location of the road to about one mile and a half.

The cost of the bridge will be twenty-eight hundred dollars, of which sum eighteen hundred dollars are to be paid by this State and the commonwealth of Massachusetts, and the residue by means of private subscriptions made for that purpose by the citizens of that township, whose liberality and enterprise are entitled to much consideration.

The bridge is a valuable and permanent structure, the want of which heretofore has been much felt by the citizens of that portion of our State, and by those having occasion to travel in that quarter. The alteration in the road has not yet been completed, but will be early the ensuing summer. When this is finished, the amount expended will be some less than that authorized by the legislature at its last session; the precise sum I am not able to state, in consequence of the vouchers not being yet returned to this office, and the settlements of these accounts must therefore be postponed to the ensuing year.

I will add, that passing as the Fish River Road does, in its almost entire length, through lands no taxable, it will be incumbent on the legislature to authorize expenditures, from time to time, to open it more thoroughly, and to keep it in repair, as otherwise the benefit of previous expenditures will be in a great measure lost. Upon the Military Road, three hundred and eighty five dollars have been expended in making the ordinary repairs; the entire amount authorized being five hundred dollars. The balance will probably be called for before the meeting of the legislature, and I would recommend that the expenditure of a like amount be authorized for repairing this road the ensuing year.

A bridge has likewise been constructed over the Mattawamkeag river, where the road from Smyrna to the Aroostook Road crosses the same, at a cost of six hundred dollars. This was done by contract with John Rollins, Esq, and at the joint charge of Maine and Massachusetts.

The appropriation for the repair of the Baring and Houlton Road through the town of Baileyville, has been expended under the superintendence of Putnam Rolf, Esq., whose accounts have likewise been audited, allowed and paid.

John V. Putnam, Esq., was appointed the agent to expend the sum appropriated for the repair of the road through township number eleven, at the present session, which service has been performed and the bills paid.

A contract has been made with Putnam Rolf, Esq., to rebuild the Lewey's Island Bridge, for nine hundred and seventy five dollars which work by the terms of the contract is to be completed by the 20th of March next, without interruption. It will become the duty of the agent upon the Houlton and Baring road.

Under the resolve providing for building a road through Dunn's Notch, in Aroostook north surplus, I have contracted with John J. Bragg, Esq., to construct the same in conformity with the provisions of said resolve, and for the sum authorised thereby to be paid.

Andrew Hall was appointed by my predecessor to expend the appropriation for repairing the Moosehead Lake Road, and a large part of the appropriation has been advanced to him, but his account has not yet been received.

No expenditures have been made upon the Eastern Aroostook Road the past year.

During the past year, but few sales have been made of settling lands, owing, in a small degree to the great depression of the lumbering interest upon the St John. The farmers upon the Aroostook for former years have found a ready market for their surplus products among the lumbermen in this region and at richly remunerating rates. The decline in the price of timber in 1846, induced the passage of a resolve prohibiting the granting of permits to cut timber upon the St John and its tributaries, which has in very large extent arrested the lumbering business in that quarter and thereby seriously affected the agricultural interest.

It is confidently hoped that the spring will be productive more to open the Aroostook and St John waters to lumbering operations, which will again afford a vent for the surplus agricultural products of this section, and in no small degree stimulate the settlement of the public domain. I would not, however, recommend a change of the law at present, any further than to authorize the granting of permits to cut and haul timber sufficient for domestic consumption and manufacture; that this expedient is not appears from the fact that upon the St John and its tributary streams there are twenty mills for the manufacture chiefly of small lumber which depend for their stock almost entirely upon the public domain. Sound policy dictates that these mills should not be compelled to lie idle, as without a change in the law they soon must.

The past year, permits have been granted to gather logs and haul down piles upon various townships, being the refuse left by those who have heretofore made square timber upon the same. It was conceived that this course did not interfere with the terms of the law, and it is clear that the decade of a judicious economy to make sale of that now, which in a short time must decay and become of no value, no serious inconvenience will therefore arise the present year to the mail owners, from the existing prohibition upon the granting of permits in that quarter, but the source of supply is but limited and hence recommend the change in the law above referred to. The intent of the resolve prohibiting the granting of permits upon the St. John and its tributaries was undoubtedly to put a stop to the cutting of square timber for the British market, and the proposed alteration could not in the least conflict with that intent policy.

In relation to amounts due the state for stumpage of timber cut upon the rivers St. John and Aroostook, under permits granted in 1845, I have to say that the commission created by resolve of the legislature at its last session met and heard the matters and fixed upon a basis for settlement, all which will be submitted in a report in full to-day.

The meeting was held in October last and measures were taken to notify persons interested and to secure our demands, but owing to the lateness of the season and the financial disasters then rife at that time in Great Britain seriously affecting the business of the province of New Brunswick, but little progress has been made in obtaining additional security, though I am confident of speedily that the delayed sums will be adjusted in the course of the next season.

The quantity of lands at this time belonging to the state, including her interest in the unsettled territory, is about two millions three hundred thousand acres, but it cannot be stated with precision, for the reason that an area supposed to contain about fifty townships is yet unsurveyed.

It is impossible to fix the selling price of the public domain, but it is believed that it may be safely placed at half a dollar per acre, no being within the amount which the State will realize for it. Many tracts are worth much more than that sum while others are worth less.

I deem it proper to suggest that by the terms of the charter of the Heron Lake Dam Company granted in 1846, the legislature is authorized to fix the amount of toll which said corporation may demand for passing its waters; inasmuch as the lumber upon several of the townships surveyed the past season will use the operations of that company in its transit to market, it will be proper to adjust this toll before sale is made of those tracts or operations permitted therein.

The receipts of the land office are necessarily affected by the same general causes which influence all other kinds of business, but should the spring prove propitious for bringing to market the lumber cut the ensuing season, the payments of this department into the treasury for the year 1848 will not fall short of one hundred thousand dollars.

SAMUEL CONY, *Land Agent.*

☞ We learn that Mr Kellogg the famous Buckeye Temperance Lecturer is actively engaged in the Province of Nova Scotia in lecturing on the subject of temperance. All classes in the community in Halifax seem to be interested and over 4000 in that vicinity have signed the pledge since last February. Several Divisions of the Sons of Temperance have been formed and many dealers in liquors have abandoned the business.

We must preach the saint's evangel
Ere we gain the mercy prize—
Work for all—for work to buy—
We fulfill our mission solely
When, like Heaven's arch above us,
Blend our souls in one embrace,
And the sacred impress
Sounds the perfect word of love

Life is combat, life is striving,
Such our destiny below—
Like a scythed chariot driving

Will but teach us self denial;

But we trample on no morning—
Let the chariot sky is bright
We must watch The day is breaking!
Soon, the Heavens above us waking
With the sunrise to our view
We shall raise our voice to Heaven,
Chant a hymn for our quest's keep,
Seize the palm, not bleed the wound.
We must bend our thoughts to harvest,
Would we stroke the lion's down
With a purpose of the strongest
Take the Cross, and leave the Crown.

DOCT. MANLY HARDY'S
JAUNDICE BITTERS!
SPRING has again opened upon us, and with it a busy season which requires our fullest energies, both of body and mind, to meet. How unfortunate for us poor mortals, that it is a season, too, which ushers upon us disease and death, while the busy scenes of life fill all minds, and while nature is putting on her loveliest attire. In the front of the front rank of all S... ring disease, stands that yellow-eyed, yellow-faced, unbleaching demon, JAUNDICE! What countless millions has he slain, and how eager for more victims. We meet him in our streets at almost every step, and his cold and enervating touch is felt more or less heavily by us all. Where then shall we look for the friend which shall guard us from this dreadful scourge?

At HARDY'S Drug Store,
EXCHANGE STREET,...... BANGOR,
may you find that friend and at a cost which shall impoverish no man. Yes, for a mere trifle you shall there find a certain and speedy cure for Jaundice and all Billious troubles, in Dr. MANLY HARDY'S

JAUNDICE BITTERS,
which, for forty-five years, have been quietly but surely working out for themselves a reputation far above all others; standing now upon an eminence too lofty to be scathed by the voice of envy or detraction. Indeed, they never fail to cure; and the subscriber here pledges himself to refund all money paid him for Bitters, if they do not effect a cure, when taken according to his directions. Do not forget that a hundred different kinds of "Jaundice Bitters" are before the public, the virtues of which the subscriber will not speak, even that which he does know of, and will therefore only say he does know that almost every person, at this season, needs to take HARDY'S BITTERS, and taking them, needs no others. They may be found, not only at the subscribers, but at most of the Drug Stores in Maine. R. K. HARDY, Druggist,—Exchange Street, Bangor, April 24, 1848. eowd&w2m

10,000 CASES

Of SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS of which proof can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and [illegible] ing it, and this is done for the special benefit of those who use it, and is expected to all other Sarsaparillas that they are Weak Clumsy Adulterated, Sickish, and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six times Better Safer Surer, and Cheaper than all others. THIS Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City, his professional skill CERTIFIES, and nothing can it make clear, that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for Diseases of the Lungs. Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England, "that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury." What distinguished compliment are these!! Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is that it makes the BLOOD perfectly Pure Rich, Healthy Quick Free Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful Strength wasting, Appetite gone, Pulse weak, or Feverish, Skin yellow Nerves deranged Irritable. It restores Health, Strength and Vigor to every disordered function of the System—causing them to move on just as Nature requires! And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is that it does not taint the with the patient or prolong his sufferings. But at first attacks the disease and drives it then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always lasting, tough and permanent. It certainly scatter or dash at the disease, but this INFIRMITIES it wholly from the system—this saves the patient's life while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that Medical Colleges, Professors, and Physicians always prefer it for the sake of its Superior [illegible]. Try it all ye who are seeking the PRICE LESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These complaints have never been cured for as they now are. It is [illegible] all the medicines which are used with the hope of Cure, so invariably and entirely fail. But this Sarsaparilla has the SURE HEALING ability, to cure every Disease, Affliction or Pain which comes under this head! Irregularities the secretions—it rectifies the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—Removes Blotches Pimples, Freckles.

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fruitful parents of Consumption, Bronchitis, Asthma, Pleurisy and many other dangerous diseases are too often neglected, until the Reputation of the Spec. fic Complaint is laid deep in the system. A Physician is then called in, who always prefers a few Pall atives, but these age the disease incurable, and the Patient in confirmation of it is up in [illegible]. But why does he die? It must be because he does not resort to the proper remedy, but trusts in the empty day of a Practitioner rather than in the infallible's of an experience on the most authentic testimony. On this basis is the only true one the only.

has been thoroughly established. Let those who doubt read the following testimonials which are merely one of hundreds of the same nature.

This is to Certify that I Moses Lawrence, of Jersey City have been subject to a dry hacking cough and a pain in the side and chest, attended with night sweats and general weakness of the system for a period of twenty years, and pronounced INCURABLY CONSUMPTIVE whether the advice of regular physicians nor the usual advertised remedies I have taken have been of any permanent benefit, and I was going hopelessly to the progress of my disease, when a was persuaded to try Dr VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM by the aid of which, all my symptoms have been removed and I have been wonderfully restored to the blessings of health and the prospect of a prolonged existence. CONSUMPTION

Staten Island, June 10th, 1847

Dear Sir—I take great pleasure in letting you know that my Daughter has been cured of a severe cough, which brought on a spitting of blood, and loss of appetite. I had consulted several physicians, but without any benefit. I was recommended to try Dr VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM. I commenced when I had used it but one week, her cough decreased considerably, which gave me great hopes. I continued it until she was restored to health. I have been through the treatment of a dozen physicians, was prescribed by Dr. Michel of Philadelphia, in one of his great houses, and then I found your medicine to be the best.

Dr. Townsend's SARSAPARILLA.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles; it is six times cheaper, pleasanter and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of severe cases of disease; at least 20,000 of these were considered incurable.

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Disease of the Kidneys and Dropsy,
3000 cases of Consumption,

and thousands of cases of diseases of the blood, viz—Ulcers, Erysipelas, Salt Rheum, Pimples on the face, &c, &c, together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq, one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the city of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the preventive of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON,

as it removed the cause of disease, and prepared them for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

Hear Mr Seth Terry, one of the oldest and most respectable citizens in Hartford, Conn. The following is an extract of a letter received from him:—

Dr. Townsend—I have used one bottle of your Sarsaparilla, and I find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a pull lock-age. Please send me two bottles, to the care of Dr Seymour. I have conversed with two of our principal physicians and they recommend your Sarsaparilla. SETH TERRY.

CONSUMPTION CURED

"Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c, have been and can be cured.

Dr. Townsend—Dear Sir—Nearly twenty years ago I took a violent cold, which settled on my lungs and affected me very seriously. I stead ily became a constant hacking cough, but not severe as to prevent me from attending to my business. Within the last few years it increased on me gradually. At length I became reduced—I breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, had regular night sweats. Indeed, my friends and myself supposed that I should die with the Consumption, but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health is restored. It is now ... gradually, and I am now enjoying much better health than I have before in 26 years. I had almost entirely lost my appetite, which is also returned. You are at liberty to publish this with my name in the papers if you choose.

My little girl, who is in the ... year, had a very bad cough the whole of last winter. We became very much alarmed on her account. While using the medicine I gave her some of it, and it soon entirely removed her as well as myself, and she is well now, and hearty, as any child I ever saw. She was also all of little blotches upon the skin, and her skin is smooth and fair now, and I am satisfied the cure worked her health from using your Sarsaparilla.

GIRLS READ THIS

You who have pale complexions, dull eyes, blotches on the face, roughness, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient consumption, Barrenness, Prolapsus Uteri, Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons subject to weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring.

Dr Townsend—My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public. M. D. MOORE.

Albany, Aug 17, 1844. Cor. Grand and Lydius sts.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicines taken for female weakness and disease.

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN

Dr. Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster-st.

Kirkbride's Tattersall's HEAVE POWDERS:

A SAFE, SPEEDY AND PERMANENT CURE for Heaves, Broken Wind, Chronic Cough, Colds, and all diseases which depend upon inflammation of the mucous membrane in the lungs, throat or head of the Horse, or affect the

Soundness of the Animal's Wind.

This remedy which has been used with such remarkable success in England, is now offered to Horse owners in the United States as a positive remedy for those obstinate and distressing complaints. From the combination of powerful vegetable ingredients in its composition, it is enabled to cope successfully with disease in the early constitution of the Horse; and at the same time is warranted to be perfectly safe and gentle in its operation. It may be given to horses and other cattle, and does not at all inconvenience the animal, or deter him from usual labor. The following is one amongst many proofs we have of its efficacy. It is from one of the best Farriers in New York, and a gentleman whose knowledge in the treatment of Horses is very extensive:

New York Nov. 1 1847

Messrs A H Gough & Co

Gentlemen—You will recollect that I bought a package of your Heave Powders some time ago to administer to a valuable horse that I kept in my stables, and that I was quite dubious of the wisdom of attempting to cure such a bad case in this way, and did not, in fact believe there were any medicines better for the complaint than those I had been in the habit of using during my extensive practice with Horses. But justice to you and your valuable remedy, requires me to say, that that single package cured the animal of an aggravated case of Heaves, as I ever saw, and his wind is now perfectly good. I believe the cure is permanent.

Respectfully, Ed. FLOYD, 108 Laurens-st

Messrs A H Gough & Co—Gents: I bought, about six weeks ago, a package of Heave Powders to administer to a favorite horse, who had been troubled with heaves for more than two years. His case was a very bad one, and so severe as to incapacitate him from half his usual labor, and had resisted all the remedies ordinarily used for this disorder, these had no effect but to slightly diminish the violence of the heaving while taking the medicine, but that package of your remedy has completely eradicated the disease and his wind is as good as ever it was. It is a month since he has taken the Powders and I can warrant him sound.

Respectfully, GEO W DAVIS,
Monroe Middlesex Co N.J.

GREAT CONDITION MEDICINE

Besides their specific action upon diseases of the lungs and windpipe, the Tattersall's Heave Powders, from their great alterative and restorative properties, are as effectual for horses as sarsaparilla proves to be in the human race for the removal of impurities of the blood and predisposition to disease. Many cases of founder have been prevented and cured by a few doses of the Heave Powders when thrown into the feed that is given to the heated animal after a hard drive or exposure to inclement weather. They are warranted to cure the worst cough in a few days, and will wholly eradicate a recent cold by the use of 1 or 2 doses. As a condition medicine they are unequalled, especially when a tight hide, staring coat, loss of appetite, etc, denote a derangement of the digestive functions, or existence of botts and worms in the alimentary canal, as described in the following certificate:

Messrs A H Gough & Co—That package of your Heave Powders that I bought of you for my horse's cough has entirely cured him, but in a different way than I expected. The first dose of Expectorant Powder that I gave him started, brought away an immense number of worms from him, and I believe they were all the cause of the cough, cough cold etc which he exhibited, for that package has entirely cured him, his appetite is good, and he is now in prime condition. I cheerfully recommend your Heave Powders for worms as well as heaves. Yours, SAM'L ROBERTS.

East Hempstead, L. I., Oct 20, 1847

CAUTION. As several imitations of this valuable and popular remedy are about, being put up under the name of "Heave Cures," "Heave Compound," &c., persons are cautioned to beware of them, and to try no remedy but Kirkbride's "Tattersall's Heave Powders."

No Stable should be without this potent preservative. Price 50 cts per package of sufficient to cure in ordinary case 1 to 5 doses.
